Distant

Learning

Packet

Weeks 5-8

Dear Kindergarten Families,

We would like to start off by thanking you for continuing to be such an important part of your child's education. We have worked together to make a second learning packet to keep your child learning. In the packet you will find activities for Phonics, Math, Reading, and Writing. We suggest that you spend 5-10 minutes per subject, and 15 minutes reading each day. We have included a goal chart for each week. As your child finishes a subject, have them color in the star. You can find these goal charts on the next four pages.

Other subjects that we did not include in the packet are science and social studies. Although these subjects are important, we believe they should be more hands on. For science, try experimenting with bubbles, or take a virtual field trip to a zoo by visiting a zoo website. For social studies, look for videos of places from around our community to be posted.

Know that we continue to miss all of our kids and are looking forward to seeing them again! If you need any help or ideas for additional resources, please contact us! We have included our email addresses below.

Happy Learning and Stay Healthy!

Mrs. Bennett
Ms. Kitzmiller
Mrs. Morrison
Mrs. Willey
Mr. Pudell
